OVERVIEW:

Purpose: As the NCAC Term can be divided into four 90-day periods, it is imperative for the Chair to strategically establish action plans in order to set forth goals, benchmarks, and deadlines that will guide the Council's operations over the course of each quarter.

Implementation: Each action plan should summarize the overall goals and objectives per quarter. From there, each plan should outline tasks and assignments that will work toward achieving the goals previously set forth. In addition, each plan should correlate the tasks, assignments, goals, and objectives to a timeline for the quarter.
